Business Policies & Product Information Guide

Version 2.4 | Effective Date: January 1, 2025 | Internal Reference: LP-POL-2025

1. Refund & Return Policy

1.1 Standard Return Window

Customers may request a full refund within **30 days** of the original purchase date for any unused product in its original packaging. After 30 days and up to 60 days, customers are eligible for store credit only. No returns are accepted after 60 days from the purchase date, except in cases covered under our Warranty Policy (see Section 1.4).

1.2 Eligibility Conditions

To qualify for a refund or return, the following conditions must be met:

- Product must be unused and in its original condition with all tags and packaging intact.
- Proof of purchase (order ID or receipt) must be provided.
- Digital products and downloadable software are non-refundable once the license key has been activated.
- Subscription plans cancelled within 48 hours of renewal are eligible for a pro-rated refund.
- Customized or personalized orders are non-refundable unless the product is defective.

1.3 Refund Process & Timeline

Once a return is approved, refunds are processed within **5–7 business days** to the original payment method. Bank transfers may take an additional 2–3 business days depending on the customer's financial institution. Customers will receive an email confirmation once the refund has been initiated.

For store credit refunds, the credit is applied to the customer account immediately upon approval and never expires.

1.4 Warranty & Defective Products

All physical products carry a **12-month manufacturer warranty** from the date of purchase. If a product is found to be defective within the warranty period, customers may request a free replacement or full refund regardless of the standard 60-day window. Warranty claims must be submitted via the support portal with

photographic evidence of the defect.

1.5 How to Initiate a Return

- Step 1: Log in to your Loopyly account and navigate to Order History.
- Step 2: Select the order and click 'Request Return or Refund'.
- Step 3: Choose the reason for return and upload supporting photos if applicable.
- Step 4: Our support team will review and respond within 2 business days.
- Step 5: If approved, ship the item to the provided return address using a tracked courier.

2. Product Catalog & Pricing

2.1 Current Product Tiers

Loopyly offers products across three tiers — Starter, Professional, and Enterprise — catering to individuals, SMBs, and large organizations respectively. All tiers include core platform access; higher tiers unlock advanced analytics, API integrations, and dedicated support.

Product	Tier	Price (USD)	Key Features
Loopyly Starter	Starter	\$29/mo	Up to 500 contacts, 3 campaigns/mo, Email support
Loopyly Growth	Professional	\$79/mo	Up to 5,000 contacts, Unlimited campaigns, Priority support
Loopyly Scale	Professional	\$149/mo	Up to 25,000 contacts, Analytics dashboard, API access
Loopyly Enterprise	Enterprise	Custom	Unlimited contacts, Dedicated manager, SLA guarantee
Loopyly Add-on: RAG Docs All Tiers		\$19/mo	Upload up to 50 business documents for AI retrieval
Loopyly Add-on: Email Pro	Pro+	\$39/mo	AWS SES integration, 100k emails/mo, Deliverability tools

2.2 Annual Billing Discount

Customers who opt for annual billing receive a **20% discount** on all monthly plan prices. Annual plans are billed upfront and are non-refundable after the first 14 days. Upgrades to a higher tier mid-cycle result in a prorated charge for the remainder of the billing period.

3. Email Campaign Policy

3.1 Sending Limits

To maintain sender reputation and comply with anti-spam regulations, the following daily sending limits apply:

- **Starter:** 5,000 emails per day
- **Professional (Growth/Scale):** 50,000 emails per day
- **Enterprise:** 500,000 emails per day (configurable)

3.2 Compliance Requirements

All campaigns sent through Loopyly must comply with **CAN-SPAM**, **GDPR**, and applicable regional email laws. Users are responsible for ensuring that all email recipients have explicitly opted in to receive communications. Loopyly reserves the right to suspend accounts found to be sending unsolicited bulk emails.

3.3 Approval Workflow for Large Campaigns

Campaigns targeting more than **10,000 recipients** require a manual approval step before sending. The AI assistant will automatically flag these campaigns and prompt the user to confirm before execution. Approval can be granted by any account user with Admin or Campaign Manager role.

4. Data Privacy & Security

4.1 Data Retention

Customer data is retained for the duration of the active subscription plus **24 months** after account closure. Transaction records are retained for **7 years** in compliance with financial regulations. Users may request deletion of their personal data by submitting a GDPR/CCPA data erasure request via the settings panel.

4.2 Data Encryption

All data is encrypted at rest using AES-256 and in transit using TLS 1.3. Database backups are performed every 6 hours and retained for 30 days. Customer PII is stored in isolated Postgres schemas with row-level security enabled.

4.3 Third-Party Integrations

Loopyly integrates with Amazon SES for email delivery, Stripe for payment processing, and AWS S3 for document storage. No customer data is shared with third parties for advertising or marketing purposes. All third-party processors are bound by data processing agreements compliant with GDPR Article 28.

5. Customer Support

5.1 Support Channels

Channel	Availability	Response Time
Email Support	All tiers	Within 24 hours
Live Chat	Professional & Enterprise	Within 2 hours
Phone Support	Enterprise only	Immediate (business hours)
Dedicated Manager	Enterprise only	Direct contact

5.2 SLA Commitments

Enterprise customers are covered under a **99.9% uptime SLA**. In the event of downtime exceeding the SLA threshold, affected customers receive service credits proportional to the downtime duration. Credits are applied automatically to the next billing cycle.
